

Floor Sink

Description:

Floor sinks are ideal for food preparation areas, clinic applications, grocers and restaurants, where sanitary drainage is desired. The cast iron enameled floor sink can be configured with a cast iron non-traffic grate. Acid Resistant Enamel (ARE) floor sinks consist of a cast iron receptor (Sink body) with a white acid resistant enamel interior strainer.

Features:

- UPC certified & compliant
- Dome strainer included
- Enameled interior for easy cleaning & sanitation.

Outlet Type:

- 2" No Hub (S906-2)
